

THE INSIDE EDGE

December 2011

This group of 24 club skaters gathered for a picture at Maria Kalina's sendoff to USFS Sectionals in Colorado

Editor's note: Grace and Korey Stoelzing traveled to Colorado to watch Maria skate. Grace wrote this special article for *The Inside Edge*.

MY TRIP TO SECTIONALS BY GRACE STOELZING

Fort Collins, CO. After we found out that Maria made it to Sectionals my mom was talking to Maria's mom and asked her where it was going to be held. Sectionals were going to be held in Ft. Collins, Colorado. We couldn't believe it because that is where my grandma, aunt, uncle and cousins live. On the way home from skating that night we talked about how much fun it would be to fly out to Colorado, see my cousins and see Maria skate! We didn't know if my dad would go for it or not, but he did and so we decided to go! I couldn't wait to leave and was so excited about the trip.

We went to Colorado on the Wednesday before Maria was to skate. When we got to the rink on Thursday of her competition we looked for Maria and ran into her right away, took a picture and wished her good luck. We ran into Page and she told us that Maria wasn't nervous at all. It was amazing to sit there and see so many great skaters and we cheered the loudest when Maria came out. We were so proud of her!

We also went back on Saturday to see her skate her long program. She did a great job. It was really fun to go on that trip with my mom and see her skate. We think Maria is #1!!

SENIOR SPOTLIGHT ON LIZ BURKE

Liz Burke will spend a portion of this winter in Europe. Not on vacation, but training and competing with the Braemar Junior synchronized skating team that is a representative of Team USA. (Club members Alana and Jillian Christie are also on the team). Their season culminates with the World's competition in March.

It takes a long time on the ice to reach this elite level. Liz began skating at age seven and spent time skating at rinks at Breck, Edison, Bloomington and Parade. "My best memory of skating at Parade is three summers ago when I came back to skating at Parade full time. That summer is when I rediscovered my love for skating and that I contribute to my coach, Karen (Olson)." She also credits her mom Nancy, who she says was a huge support for her.

Liz has had great times at Parade. "When I was younger, my skating friends and I would be at the rink from 9 am to 3 pm and we would all play hide 'n seek and freeze tag during our breaks." She also loves skating in the Spring Ice Shows. Her favorite was the "Black Cat" by Janet Jackson number two years ago. "That program was so much fun."

Liz has advice for young skaters: "Put 100% into it. I know it seems like a lot of fun to goof off and talk during sessions, but if you put in the effort now, it is a lot easier than trying to do it when you are older." Liz definitely put her time and effort in and it has paid off by being a member of Team USA.

COACH SPOTLIGHT IS ALSO A FAREWELL

Skating came naturally to Viktors Bariss. That is once he started. He didn't begin skating until he was 10 years old but within a year and a half he was competing at Junior Nationals.

Viktors started skating in our skate school and stood out immediately to the instructors, including Gailene Norwood, as a special talent. Gailene had spotted another young skater a year or so earlier named Rohene Ward. Viktors and Rohene would go on to be formidable skating forces.

Viktors was coached and nurtured along the way by Gailene, Page, Karen and several other Parade coaches who guided him rapidly through the ISI and USFS skating levels. He commented about those early years: "I liked to perform, was a ham and could *really* jump!" That all helped."

He went on to compete for several years and qualified for Sectionals as a USFS Intermediate skater and passed the Senior Freestyle and incredibly challenging FS 10 tests.

Viktors has worked part time for several years giving lessons to share his skating and jumping expertise. You've probably seen him working on the pole harness with students.

Viktors graduated from the Carlson School of Management at the University of Minnesota a few years ago and has launched several internet based businesses that he now runs.

We'll be losing Viktor's calm presence and warm smile. He is relocating to Washington DC this month. We wish him a fond farewell and thank him for his loyalty and dedication to SQSA Parade.

REPORTING COMPETITION RESULTS

After each major competition, competitors will receive an email with a link to a shared "Google Docs" document and brief instructions on how to enter the results. There will be a separate spreadsheet for each competition.

If you are in a competition and there is not a spreadsheet for it, email sqsaparade@gmail.com and one will be set up.

We only publish results that are reported by families and please enter only results for your child (even if a partner event).

A couple friendly reminders to skaters and parents:

When submitting competition forms, please remember to fill out the form completely. When leaving off ISI number, expiration date, skating level and coach verification, it makes the team liaison job more difficult and time consuming. Please review your forms before submitting to the team liaisons, who perform this service on a volunteer basis. Forms cannot be registered for competitions with any missing information.

--Michael Luedtke, Team Liaison for Plymouth Bizzard Blast.

Along the same line, all club forms should be filled out completely. When you leave information blank, one of your fellow club members has to look up the info, call or email to get it. Club activities are handled by volunteers who appreciate your help in expediting club business.

SKATE SCHOOL WINTER SESSION

POWER HOCKEY CLASS ADDED TO CLASS LINE-UP

SportQuest Skating Academy Skate School classes begin for the Winter Session on January 10th. Many of our club members began their skating "careers" by taking these high quality classes.

If you have friends or know someone in your neighborhood that has a child (or adult) who wants to learn to skate, please refer them to our skate school. This session, in addition to learn to skate, freestyle and "Pixies" team skating there is an offering for hockey players, called "Power Skating for Hockey".

Information and registration forms are on the website under "Learn-to-Skate."

EDITOR'S NOTE

Kirby said to me the other day, "Mom, the skater's don't read your newsletter. We don't read **email**".

I conceptually knew that, but I haven't figured out a way to text **Inside Edge** to the skaters. I do see them huddled around the copy I put on the bulletin board each month to see what's in the latest issue.

So parents, help us by printing out the newsletter for your skater. This is "their" club. We want them to know what is going on and celebrate our happenings and accomplishments.
